OVERVIEW

Umi Portfolio: UI/UX specification

01

STUDENT	Umkalsum Karim Mustafa
REGISTRATION	25/28050
APPLICATION	Umi Portfolio
COURSE	SWE 3409 Mobile Application Development
ASSIGNMENT	Individual Assignment 2
INSTITUTION	INES Ruhengeri

VISUAL DIRECTION

Warm, personal and easy to scan.

Umi Portfolio introduces its owner through a short "My name is..." statement, a list of skills and education, and a small set of projects. The look is soft and friendly: pink for identity, gold for actions and brown for text, on a warm cream background.

01

Clear identity

Name, role and availability are visible without scrolling.

02

Simple navigation

Four bottom tabs; every screen is one tap away.

03

Editable profile

Fields are validated and the saved profile is kept on the device.

04

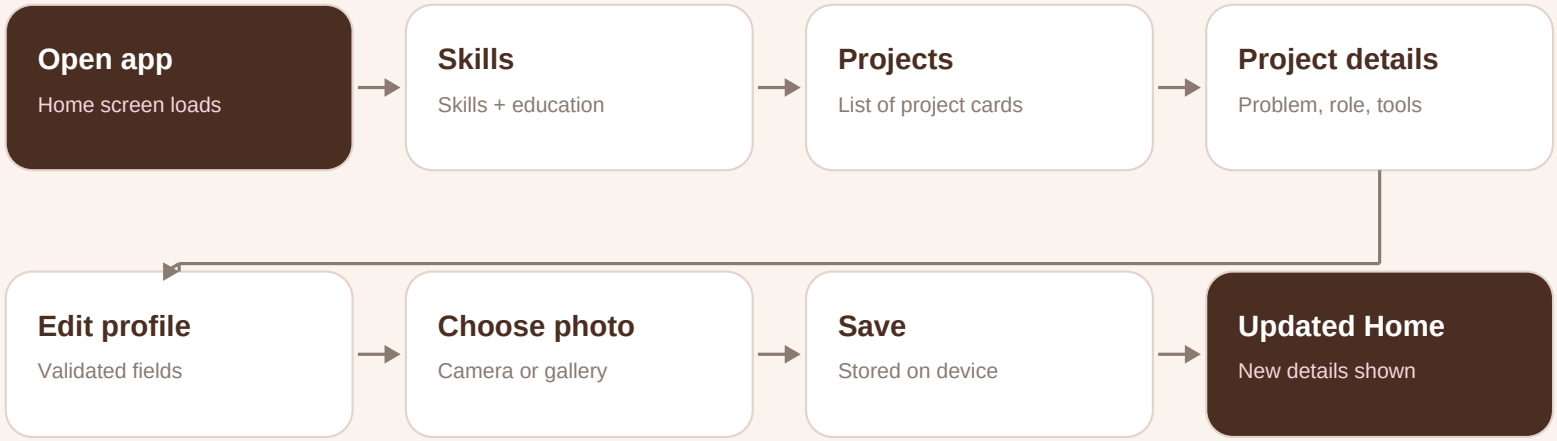
Readable everywhere

Large touch targets, high-contrast text and wrapping layouts.

STRUCTURE

User flow and navigation

02



NAVIGATION MODEL

Four tabs. One simple stack.

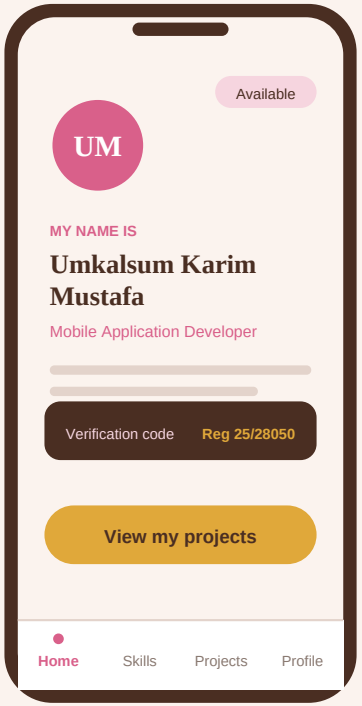
- **Home** — Identity + intro
- **Skills** — Skills + education
- **Projects** — List + details
- **Profile** — Editor + About

01 **Launch**	02 **Explore**	03 **Update**	04 **Return**
Saved profile is loaded	Skills and projects	Each field is checked	Changes are still there

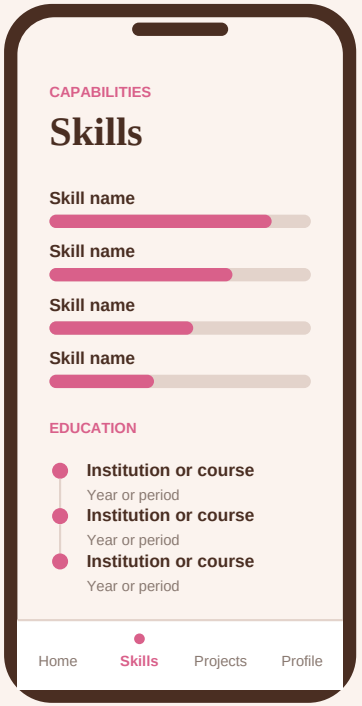
WIREFRAMES

Home, skills and projects

03



01 | HOME



02 | SKILLS

03 | PROJECTS

A **Identity first**
Name, role and status show at the top.

B **Skills with progress**
Bars and a short education timeline.

C **Consistent cards**
Title, summary and tags on every card.

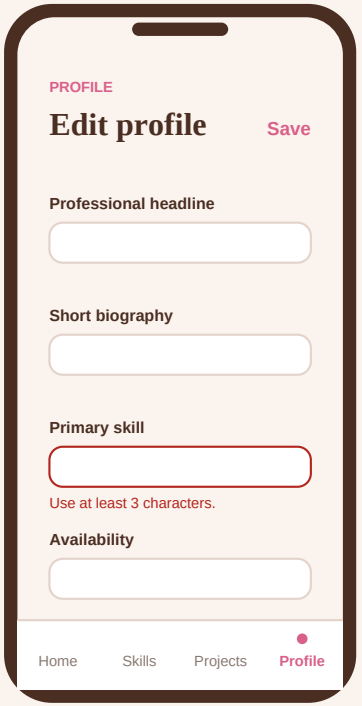
WIREFRAMES

Project details, editor and photo

04

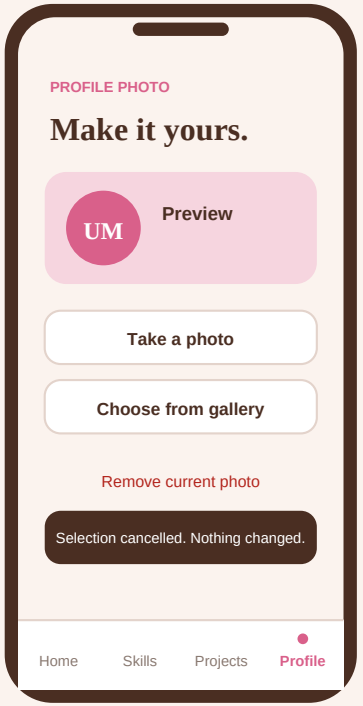
04 | PROJECT DETAILS

A **Problem and role**
Each project opens its own page.



05 | PROFILE EDITOR

B **Errors under fields**
Messages sit below the field with the error.



06 | PHOTO SELECTION

C **Safe to cancel**
Cancelling leaves the old photo unchanged.

DESIGN SYSTEM

Colors, type and accessibility

05

COLOR SYSTEM

Warm, soft and legible.

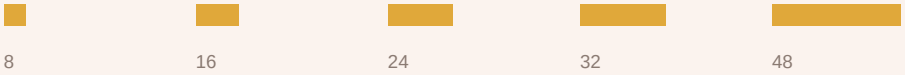
Cream	Screen background	#FBF3EE
Brown	Primary text	#4A2E22
Pink	Identity and highlights	#D9608A
Gold	Buttons and actions	#E0A83A
Red	Error messages only	#B3261E

TYPOGRAPHY

Warm headings, clear body text.

Headings use a serif face for personality; body text, labels and buttons use the clean default sans-serif of the device for easy reading.

SPACING



Readable contrast

Brown text on cream is easy to read; errors have text.

Clear labels

Buttons and icons carry a visible word, not just an icon.

Large text

Cards grow downward and chips wrap instead of clipping.

Easy to tap

Buttons are large enough for comfortable thumb use.
